

2020 F3A EUROPEAN CHAMPIONSHIP
FOR AEROBATIC MODEL AIRCRAFT
CORESES (ZAMORA)

Zamora, April 2020

Dear Contestants,

Following a mail with updated information on COVID-19 situation worldwide and after the sad news on the decision taken on the online Bureau Meeting and their recommendation not to hold any World- or Continental Championships in 2020, we fully share the opinion that Public Health and Safety are our top priority.

It was a deep sorrow to call out this event after all the hard work we have invested in it for more than a year. Many provisions had already been made, but we have to announce that the 2020 F3A EUROPEAN CHAMPIONSHIP FOR AEROBATIC MODEL AIRCRAFT in CORESES (ZAMORA) has officially been cancelled. All provisions will shortly be made to cancel bookings and those fees already paid will be dully reimbursed.

We are working on all the provisions, but it is difficult as companies and hotels are closed at the moment.

We don't know how this pandemic illness will evolve and we have made the best option not to risk your lives neither ours.

Nevertheless, the Bureau has made provisions to compensate Organizers and find the best possible solution both for the Organizer and the flying community. We are awaiting news to let you know in the short future.

We deeply regret the situation, but people's safety and health should come first.

Stay safe.

Best Regards,

Antonio Coco

President Organizing Committee

EC2020_Zamora Contest Director
